

TUCSON'S

THE BEST IN FOOD & MUSIC

Tucson's has always been known for bringing some of the best Blues and music acts to its Ottawa south location. The music represents not only a good time, but a great feeling that you just cannot shake and leaves you wanting more.

It was important for me to keep that same quality and feeling in the cuisine., and I can only do that by ensuring freshness and pride in everything I create in the kitchen. It is for that reason; our burgers are hand pressed, with fresh, never frozen, lean ground beef and not once ounce of filler. All steaks are cut in house and are always AAA quality; our appetizers do not arrive frozen in brand name boxes. The majority of our dressings are made in house, as well as all of our sauces to ensure they have the Tucson signature flavour. We receive deliveries 6 times per week on items such as fish, fruits and vegetables because we order in such small quantities, if they do not meet our standards they are sent back immediately. Because Tucson's is an independent restaurant, I feel it is important to support other local buisnesses whenever possible, which is why I shop locally every chance I get. And lastly, I apologize in advance if we are ever out of anything on the menu. But here, we believe that it is far better to sell out of a very fresh product then to have endless frozen amounts on hand.
